COMMENTARY:Million Doll

(Group Captain)

My Board is where the "MillionDollBoard" editor will occasionally explain the terminology that appears in *Million Doll*. These are extremely subjective definitions, as at times they will differ from the real definition. We recommend that taking these definitions

[1:1] ♦ Million Doll Wota Terminology ♦

1: Handshakes

At interactive events such as handshake events, the concept of a "godly handshake" revolves around clinging to the fans' hands for as long as possible as they move from one end of the table to the other. The other must-haves are a beaming smile and an unfaltering grip.

2: Lolicon

Amongst wotas, there are generally a fixed number of lolicon-types. It wouldn't be overkill to say that it's a pathological condition amongst the Japanese. These are the ones who strongly support idols in their early days, but bash them after they grow up, saying that "they've deteriorated." They tend to go overboard trying to "discover amazing talent before anyone else does", and get most excited when they find beautiful girls who are still in elementary school.
